## Showers of Rich Silver for Brides of June

Those glorious days of happiness before the wedding are richly filled with glad anticipations. And all the world smiles upon the Bride and endows her with whole-hearted good-will, because all have their sweet hopes or sacred memories of the bridal day.

As the Day draws near, the perspective Bride sees a fascinating picture of "Silver Pieces Piled High" — the riches that she herself shall own, and with which she shall adorn the new home.

These are practical gifts, to be sure; but what the Bride thinks of the things that future days bring when her eyes and heart are filled with that picture of the rich silver pieces of Silver on which her high hopes are set.

By all means, SILVER FOR THE BRIDE, if you would make her supremely happy with gifts you send.

And we are prepared to furnish all those lovely Gifts of Silver from large chests of Community Silverware to individual pieces of the famous Sheffield plate. And to note their inexpensiveness.
